Angela

Photographs by Rupert Daines

Any time I'm feeling down, I just get out my little book, leaf through it and reminisce over the guys I've had over the past few years.

'Does that shock you? That a girl should keep a little black book, just like a man? Not me. I think every girl should keep a record of the men she's been out with. How else is she going to be able to compare them with one another? It's not the sort of thing you can trust to your memory.

'I have found, perhaps not surprisingly, that the French make the best lovers. My present lover is French, Baptiste. He is really considerate in general, but in lovemaking particularly. He always asks what I'd like him to do to me, if I'm enjoying myself, that sort of thing.

'He's an expert with his tongue, too. He's made me come three times in succession—just with his tongue!

'He's always buying me little lacy things—nothing expensive and showy that would make me feel cheap, but dainty frilly knickers, bras and silk stockings.

'And every night we make love, he sends me a red rose the next morning.'

We can't think why he's not with Angela in the morning.♣

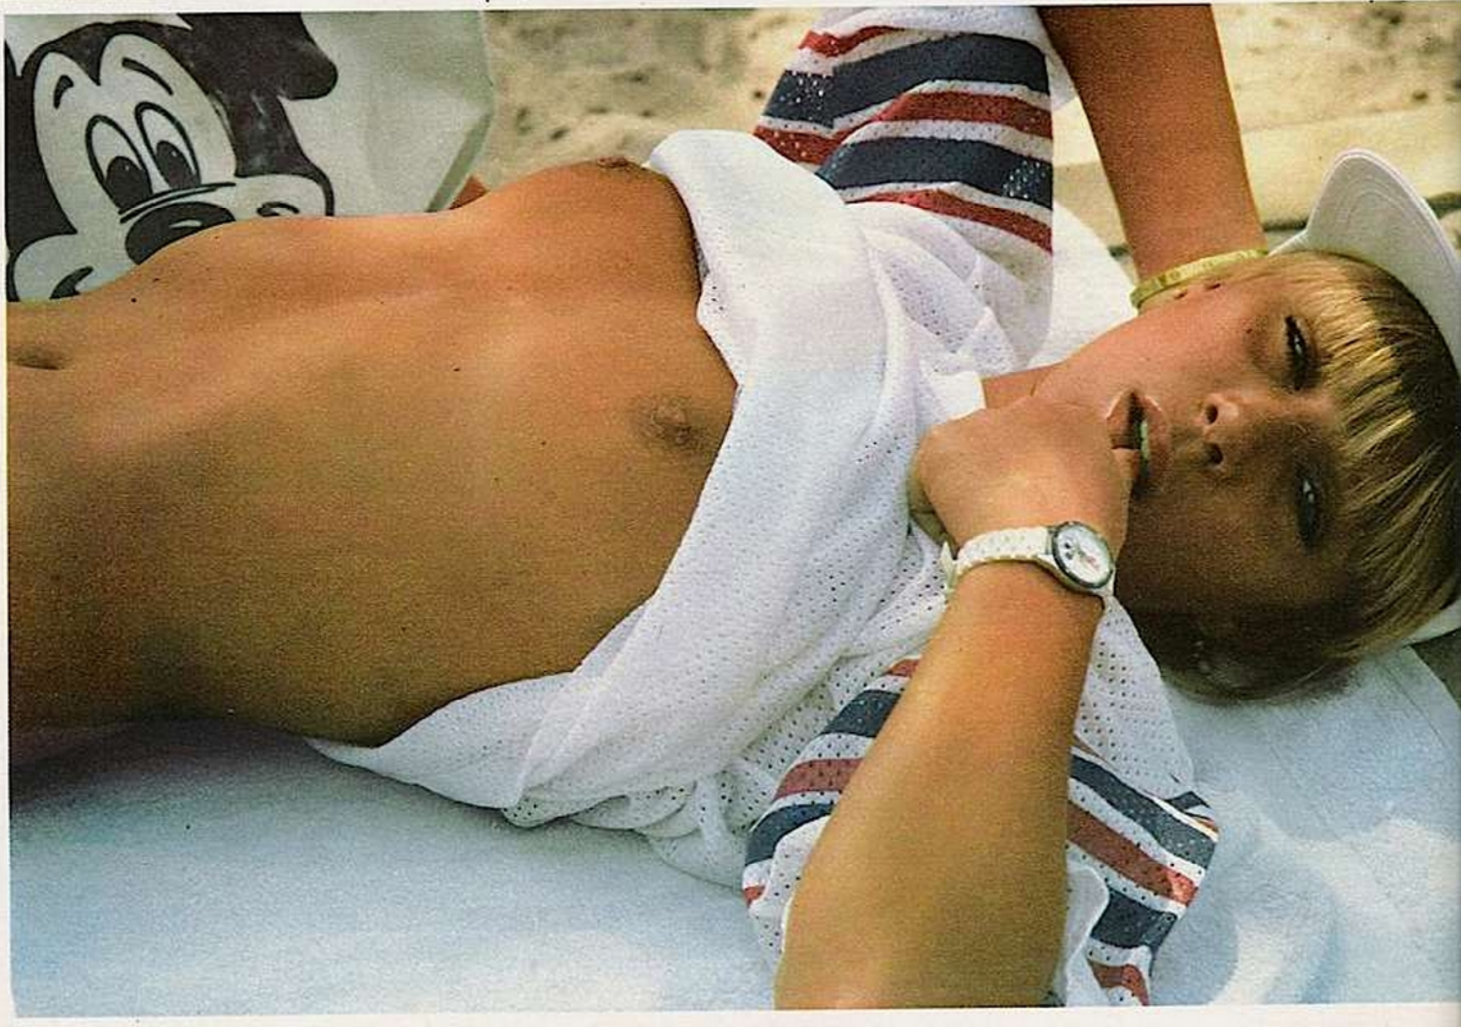
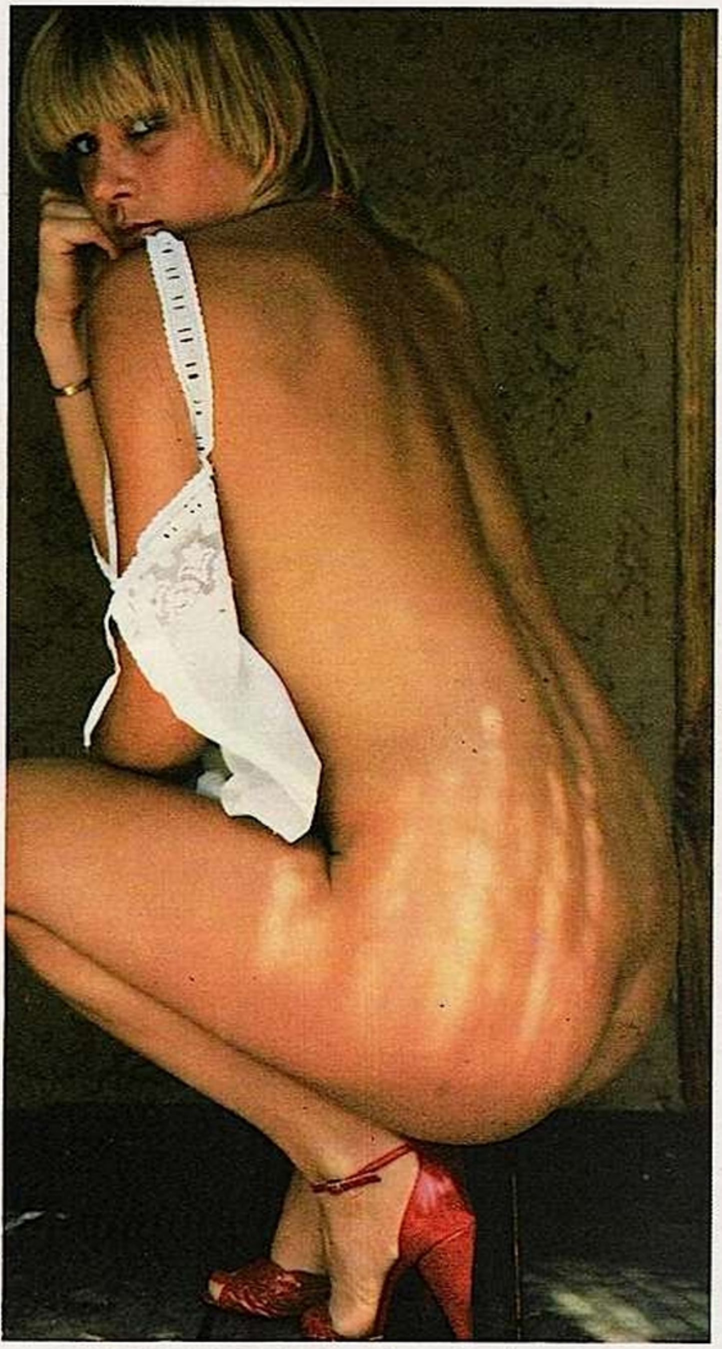
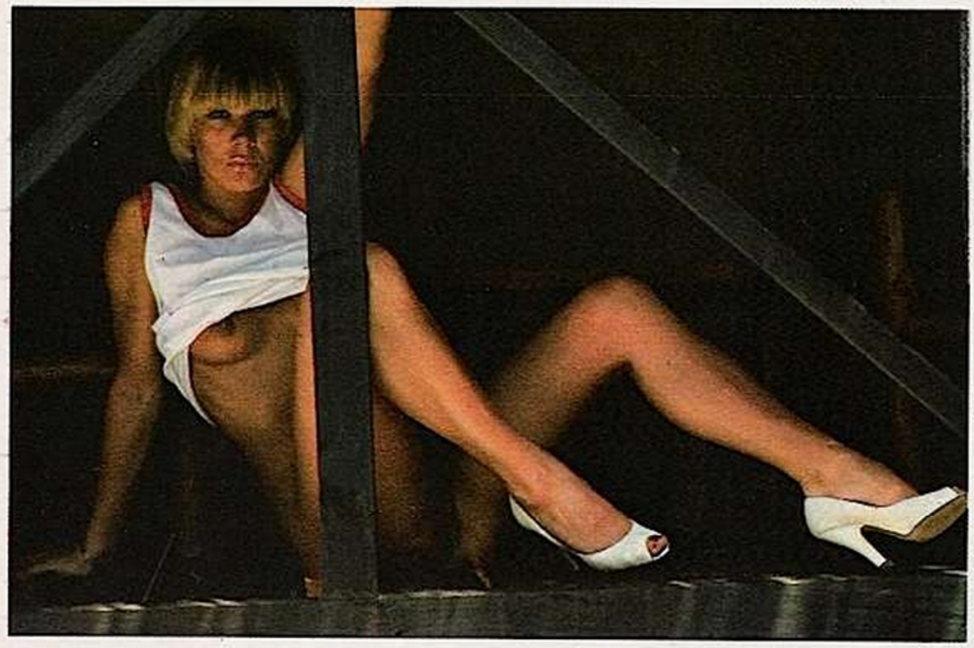
It's the real thing







'Don't you just love being out of doors—especially at the beach?' Debbie asked us when we took her to photograph this set.

'There's something fresh and uninhibiting about beaches that always makes me want to take my clothes off.'

'It can be a bit uncomfortable making love, of course; the sand gets everywhere—and I mean everywhere. But then, I always get my bloke to scrub me clean in the sea. He can get to all those otherwise inaccessible places.

'Then he starts rubbing baby oil all over me . . . my back, bum and legs. Then he flips me over and does my tummy, breasts and nipples. We very seldom get much sun after this, though.' ♣

Mona

Photographs by Fanny

Most of my money—and my time—is spent in trendy boutiques and couturiers re-vitalising my already overstocked wardrobe. The lady who looks a million dollars must stand a better chance with the blokes who have that kind of money—the kind I like.

'My philosophy is that if I go to a lot of expense and trouble to make myself stunningly attractive to my escort, he in turn should fork out a little to entertain me.

'Then, when it's time to go to bed, I thank him in a fitting manner.

'I'm not into the domination scene, but I like to make the running in our foreplay.

'The last guy I was out with, I almost ripped his clothes off and threw him onto the bed. I massaged his cock and balls until his prick was gorged and red, then gave him the best blow job he'd ever had.

'When he was ready to come, he wanted to do it all over my tits. I was only too happy to oblige. It's supposed to be really good for the skin.'

Mona, keep taking the Medicine. ♣

Probably a few people think it's shameful to pose nude in a magazine, but I think they're unnatural. To me, the human body is the ultimate artistic form. If we truly believe that we are the most advanced form of life, then we must hold our bodies in the same esteem!'

Paula has one of the heavenliest bodies we've seen—we hope you agree.♣

What could be more enticing than a nubile young blonde attempting to travel America by hook or by truck. Fortunately for the angel in these photographs she has more in her denims than money so a deal can often be struck if you're stuck for a buck and nobody's a schmuck. After all, if there's a bear in the air or a cub in the woods it's nice to have a beaver in the cab. Smokey words for all you bandits out there to demist at your leisure, c'mon?

An exercise in extravagance just to bring home the full power of *Club's* quest for excellence. Very few organisations can tackle an adventure like this, taunt you with such beautiful ladies and then actually offer you the opportunity to see one of them totally nude and gyrating in the flesh at our very own Windmill Theatre in Soho. The delicious lady of the curly blonde locks is currently performing nightly on stage, fully nude for your close-up entertainment. Don't miss her. She's the eighth wonder of the world.♣
